

1. Business Overview

Business Type: Independent consultancy (customer insight, due diligence, research & talent advisory)

Mission: To help investment firms, consultancies, and growth-stage companies make better strategic decisions through high-quality customer insight, market research, and stakeholder intelligence.

Value Proposition: I provide hands-on, end-to-end research and consultancy support — from planning and interviewing through to synthesis and clear, decision-ready reporting. Clients get senior-level thinking with practical delivery, without the overhead of large consultancies.

2. Core Services

A. Customer Feedback & Voice of Customer (VoC)

- Design and delivery of structured customer interview programmes
- Video-call interviews with customers, partners, and stakeholders
- Qualitative data capture and thematic analysis
- Insight reports highlighting risks, opportunities, and strategic implications

Typical Use Cases: - Pre-acquisition due diligence - Product/market fit validation - Customer satisfaction and churn analysis

B. Market & Competitor Research (Acquisition Support)

- Market landscape and sizing research
- Competitor benchmarking and positioning
- Customer buying behaviour and decision-driver analysis
- Validation of investment or acquisition hypotheses

Typical Clients: - Private equity firms - M&A advisory boutiques - Corporate development teams

C. Stakeholder Interviewing & Assessment

- Structured interviews with founders, leadership teams, and internal stakeholders
- Assessment of strategic alignment and execution capability
- Identification of key value drivers and potential blockers

- Clear summaries to support internal decision-making
-

D. People & Talent / Recruitment Consultancy

- Recruitment strategy design
 - End-to-end hiring support (including technical roles)
 - Talent mapping and competitor hiring analysis
 - Headhunting and direct sourcing
 - Hiring process optimisation (reducing agency reliance and time-to-hire)
-

3. Target Markets & Clients

Primary Markets: - UK (core market) - Iberia (Portugal & Spain) - Select European markets (Netherlands)

Ideal Clients: - Strategy consultancies - Private equity & investment firms - Scale-ups and software companies - Companies entering or expanding in Iberian markets

Key Differentiators: - Multilingual delivery (English, Portuguese, Spanish) - Cultural fluency in Iberian markets - Independent, senior-level execution - Strong qualitative research and synthesis capability

4. Operating Model

Delivery Model: - Solo consultant model (independent) - Project-based engagements - Flexible support (short sprints to multi-week projects)

How Work Is Delivered: 1. Scoping & alignment with client 2. Research/interview design 3. Fieldwork (interviews, desk research) 4. Analysis & synthesis 5. Reporting and decision support

5. Revenue Model

Pricing Structures: - Day rate (for advisory, interviews, analysis) - Fixed-fee project pricing (common for due diligence) - Retainer-based support (ongoing research or hiring support)

Indicative Offerings: - VoC interview programme (10–15 interviews + report) - Market & competitor research pack - Stakeholder interview assessment - Recruitment or talent-mapping project

6. Marketing & Growth Strategy

Primary Channels: - Existing consultancy relationships (e.g. Brightmoat) - Referrals from previous clients - LinkedIn thought leadership (customer insight, due diligence, hiring) - Targeted outreach to consultancies and PE firms

Positioning: - Specialist, trusted extension of client teams - Practical, evidence-based insight - Clear, concise reporting tailored to decision-makers

7. Legal & Business Structure

Recommended Structure: - UK Limited Company (for flexibility and credibility)

Key Setup Elements: - Professional indemnity insurance - Standard consultancy contract & NDA - Data protection compliance (GDPR)

8. Future Expansion (Optional)

- Associate network for scaling interview capacity
 - Repeatable VoC or diligence frameworks
 - Deeper focus on Iberian-market entry advisory
 - Long-term retainers with PE firms or consultancies
-

9. Summary

This consultancy is positioned as a specialist, high-trust partner for organisations that need deep customer, market, and stakeholder insight — delivered efficiently, independently, and with strong regional expertise in the UK and Iberia.

Packages (client-facing)

Output: better hires, faster, with less dependency on agencies

Professional Facebook Post (packages announcement)

Here's a polished post designed to attract potential clients:

The colour scheme in your logo and banner design includes a clean, professional palette built around cool blues and teals. The approximate colours are:

- **Dark Navy Blue:** HEX #1C2E59 — used for “Vera” and part of the logo mark.
- **Teal Blue:** HEX #2CA6A4 — used for “Cherni” and the other part of the logo mark.
- **Light Aqua:** HEX #A7D8D6 — used in the gradient and background wave.
- **Charcoal Gray:** HEX #3E3E3E — used for “CONSULTANCY SERVICES” and the subtitle text.
- **White:** HEX #FFFFFF — background colour.
